

Date Requested: _____

College selection is a personal choice involving the entire family. To make a truly good selection, students and parents are encouraged to work with the college counselor to plan for college visits. Students should try to make use of school holidays which do not coincide with college holidays, or to visit during spring break or summers whenever possible. Realizing that students may need to miss school to make important college visits, St. Luke's provides the option of two excused absences per school year for sophomore, junior and senior students.

Colleges and St. Luke's request a two week notice for planning these visits. This form should be obtained from the counselor two weeks in advance, signed by the parent, advisor, and all teachers, and then returned to the counselor. Students must make arrangements to complete assignments.

Date of Visit: _____

Please excuse _____ from school to visit

_____ in _____
(college/university) (location)

Parent _____ Advisor _____ Counselor _____
