

Summer Math Camp

Who: Upcoming 3rd graders

What: Over the course of 5 days we will work on math skills and strategies involving students summer math packets provided by the 3rd grade teachers. This way, students/parents will not have to stress over math skills right before school starts. :) This is a great chance for students to be exposed to 3rd grade level math skills and strategies. We will do a review of 2nd grade math skills as well as introduce students to 3rd grade math skills, and students will participate in hands-on, inquiry based learning using manipulatives.

When: Summer break (over the course of 5 days). Sessions will be one hour long. Here are the session dates: July 16, 17, 18, 19, & 20.

Time: 12:30-1:30 p.m.

Where: Mrs. Livingston's classroom- Room #301- You may drop your child off at the 3rd grade carpool gate and pick them up there as well. If your child is in Summer Camp, please let me know and I can pick up/drop off from the camp.

Cost: \$125 for 5 sessions once a day for a week- Money is due on July 16 or before sessions start and can be paid in cash or a check made out to SLES.

*****Maximum group size is 10 students. Please register quickly to reserve your child's spot!*****

Please let me know if you have any questions: mlivingston@stlukesmobile.com.

Happy Summer,
Mrs. Livingston

Please detach and return by May 24.

Please reserve my child, _____ (child's name) spot for the
3rd Grade Summer Reading Camp.
