

**St. Luke's**  
Episcopal School

February 8, 2019

Dear St. Luke's Family,

If you were in attendance for the State of the School/Annual Meeting last month, you heard me announce my retirement after next school year (2020). Some may be wondering why this announcement is being made so far in advance? In the independent school business, this timing and notice provides the Board and school sufficient time to conduct a proper search.

I can not begin to express my sincere gratitude to our school community for its support over the past 6 years. St. Luke's has made a number of improvements during that time. The school is in a very strong and stable position, and with those attributes, it will attract a great deal of interest. This is a very good time for a change in leadership.

Southern Teachers Agency, along with our own Search Committee, will begin the process immediately. Many of you will be asked to be a part of this process, because we know our community's input is essential. We understand the importance of keeping all constituents informed and maintaining transparency during this important process. We are creating a portal on the website that you may visit at any time. Publications and updates will be posted on a regular basis.

Rest assured that we will continue to work diligently over the next year to ensure that our school continues to move forward.
